Missed-call recovery for clinics in one page.

Every unanswered call becomes a reply, a booking or a callback.

01

Catch the missed call

Unanswered calls forward to a voice agent instead of voicemail.

Call forwarding

02

Answer in their language

Agent greets in Hindi or English, whichever the caller uses.

Voice AI

03

Find the reason

New patient, follow-up, emergency, or a price question.

Prompt

04

Emergency rule first

Anything urgent goes straight to the doctor's phone.

Safety

05

Offer real slots

Reads the clinic calendar before suggesting a time.

Calendar

06

Book it

Writes the appointment and blocks the slot.

API

07

Confirm on WhatsApp

Time, address and map link sent right away.

WhatsApp

08

Text-back fallback

If the caller hangs up, they get a WhatsApp message instead.

Automation

09

Log every call

Reason, outcome and transcript saved for the front desk.
